

New California Dreaming!

Lucky Pulpit sires top Derby hopeful California Chrome.

California Chrome: No. 1 on Steve Haskin's "Derby Dozen"

"The reason I ranked California Chrome No. 1 is that he has already shown he can run multiple fast races, winning by big margins, and not regress, and he was totally geared down the final sixteenth in the San Felipe."

Dick Jerardi: Taking a Shine to California Chrome

"But the track wasn't that fast, and the Beyer Speed Figure told the story. California Chrome got a 107 Beyer, the kind of figure that will win the Derby".

Impressive Progeny Performance from the Beginning

Nineteen runners from **LUCKY PULPIT**'s first crop of 26 foals have produced an A-E Index of 1.65 and average earnings per runner of \$88,284. Twenty-four foals and 19 starters from his second crop average \$68,227 per runner for an A-E Index of 1.71. His fourth-crop A-E Index of 2.17 reflects the performance of **CALIFORNIA CHROME** and stakes-placed **Lawly's Goal** and **Lucky Views**.
